

## Pinnacle Utilities - System Clean Up

### Quick and persistent views of control and search functions

In addition to the core Pinnacle applications, Sielox has developed unique applications that are launched independently and provide quick or persistent views of control and search functions. The library of Utilities include: Event Link, Counter/N-Man (Control and Occupancy), Door Icon, System Cleanup, Ping and Report Scheduler. These Utilities are included with a current Pinnacle license.

**System Clean Up** – provides quick system answers for administrators, allows for cleanup of things that may have been forgotten or overlooked like expired cardholders, duplicate access levels, inactive cardholders, etc

## Logging into System Cleanup

Select Start Menu> (scroll to and click on)  
**Pinnacle> System Cleanup**

Note: Only the default 'admin' account can log into System Cleanup.

There are 8 items/tests/actions that can be selected from the drop-down list:

### Unused Access Levels

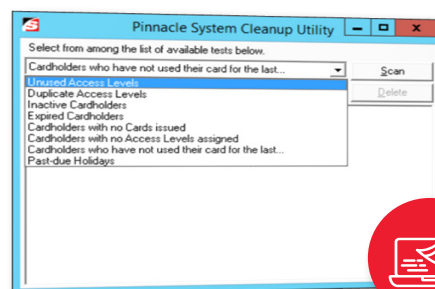

A list of Access Levels that are not assigned to any Cardholders.

### Duplicate Access Levels

A list of Access Levels that have the same readers and time zones assigned.

### About Sielox

Sielox Layered Security Systems provide a smart way to protect people, property and assets with the highest levels of performance, reliability and cost-efficiency.
