Pinnacle Argos™

Control Costar DVRs and Cameras Anywhere!

Pinnacle Argos™ integrates access control events with live video.

The screenshot shows the Pinnacle Argos web interface. At the top, there is a navigation bar with the Sielox logo and menu items: Video Devices, Configuration, View Archive, Help, and Logout. The main content area is divided into two sections: 'Live Video: Sielox' on the left, which displays a 4x4 grid of 16 camera feeds, and 'PlayBack' on the right, which shows a larger video feed of a car on a blue carpet. Below the video feeds is a control panel with various icons for zooming, panning, and camera selection. At the bottom, there is an event log table and playback navigation buttons.

Event ID	Event	Date/Time	Description	Device	Action
62	Input Active	03/23/2009 12:43	001-Terminal Controller 1007	001-Input 1017	Display Video: Filter Attribute at Sielox DVR Shunt 1
62	Input Active	03/23/2009 12:43	001-Terminal Controller 1007	001-Input 1017	GoTo Camera Preset: Filter Attribute at Sielox DVR Shunt 1
