RE: UDS-1100 Release
DATE: July 20, 2007

Sielox announces the release of UDS-1100

UDS-10 (CoBox) has been replaced by UDS-1100

Sielox is pleased to announce the release of UDS-1100. The UDS-1100 is a single-port device server that provides a quick, simple, and cost effective way to bring the advantages of data accessibility and remote management to devices not currently connected to a network.

Ordering & Shipping Information:

The part number, 855729 and the model number, AC-LAN are the same as what was previously the UDS-10 (CoBox).

The UDS-1100 will be shipped with:

- a Sielox / Lantronix UDS-1100 hard copy manual
- a CD with the device installer application and documentation
